Continuation of Substance of Interview including description of the general nature of what was discussed: the examiner called to discuss the Gram et al reference and suggest the amendments as set forth in the examiner's Amendment.

The examiner informed Mr. Kueffner that he would maintain the rejections with regards to the teaching of a rigid connection but felt the tank being made integral with the common housing was non-obvious and allowable after further review. The applicant agreed to the changes as set forth in the Examiner's Amendment..
